Thank You for downloading this PDF. Please take a look at the image enclosed above.

I have layed the draw at a price of 3.75 with £30.00 and the cost if it is a draw is £82.50 and if not it wins You get back £30.00

Where we get a loss in this example the next bet is £82.50 we are betting for the outcome not to happen that it will NOT be a draw.

In my trading / betting experience the matches DO NOT end in a draw.
